## 2022 CRAIN'S POWER 150

# POWER 150

Congratulations to Urban League of Greater Cleveland President & CEO Marsha A. Mockabee, ULGC Board of Trustees, India Birdsong-Terry, and Eddie Taylor, and UBIZ Venture Capital Board Member Brian Hall who are named on the list of the 2022 Crain's Power 150! From CEOs and politicians to philanthropists and entrepreneurs, Crain's "Power 150" list is just a snapshot of those leading some of Northeast Ohio's most influential organizations and who are positioned to move the region forward. There were no specific criteria used

in selecting the "Power 150," nor were they chosen through a nomination process. Rather, our editorial staff collectively gathered names, taking into consideration each person's role in Northeast Ohio and that of their organization. An effort was made to include a range of people, businesses, and industries. Because many of those listed serve on multiple boards, we limited highlighted involvement to three organizations or efforts.

**India Birdsong-Terry**  
**ULGC Board Member**  
CEO and GM,  
Greater Cleveland RTA

**Eddie Taylor**  
**ULGC Board Member**  
President,
